1

WilLev ALUMINUM PEDESTAL

Product Dimensions:
5" x 5" x 48" tall

Approximate Weight:
20 pounds

EV BLOCK - COMPACT

Product Dimensions:
12" x 12" x 16" tall

Approximate Weight:
175 pounds

1 WilLev UNIVERSAL PEDESTAL:

- The standard universal pedestal accepts nearly all wall/pedestal style chargers
- Optional backplate allows for even greater flexibility in accommodating chargers
- Can be customized with additional accessories for even greater practicality
- Designed, engineered, and manufactured in the USA

2 COMPACT FOUNDATION:

- Two side openings and enlarged bottom entry to support multiple conduit configurations
- Can be fitted with optional cover plate for future-proofing applications

The EV Block Compact is an innovative solution designed to pair seamlessly with the WilLev pedestal, arriving on-site ready for immediate installation.
